

## New software update

All Fetch boxes are in the process of being updated with a new software release. The update is called 2.17 Cascade, and it brings you loads of great new features including:

- ✓ TV Store Try 1st (First episode free)
- ✓ My Stuff Catch-Up
- ✓ New TV Guide Tabs
- ✓ New Multiroom features
- ✓ Stan app enhancements
- ✓ Catch-Up added to Search

### Things to know

- ✓ The update will be rolled out gradually from Mid November, and all boxes should have it by the first week of December. Follow us at [facebook.com/fetchtv](https://facebook.com/fetchtv) to receive all the updates on timings.
- ✓ You can check which release you are on using your remote at **Menu>Manage>Settings> Device Info** (it's on the second page) > **Software version**
- ✓ If you haven't received the update by the first week of December restart your box by pressing the off button on your remote, and then the blue button to restart.

**Read on to get an overview of the changes, then go to the User Guide for your box at [www.fetchtv.com.au/guides](http://www.fetchtv.com.au/guides) for more details.**

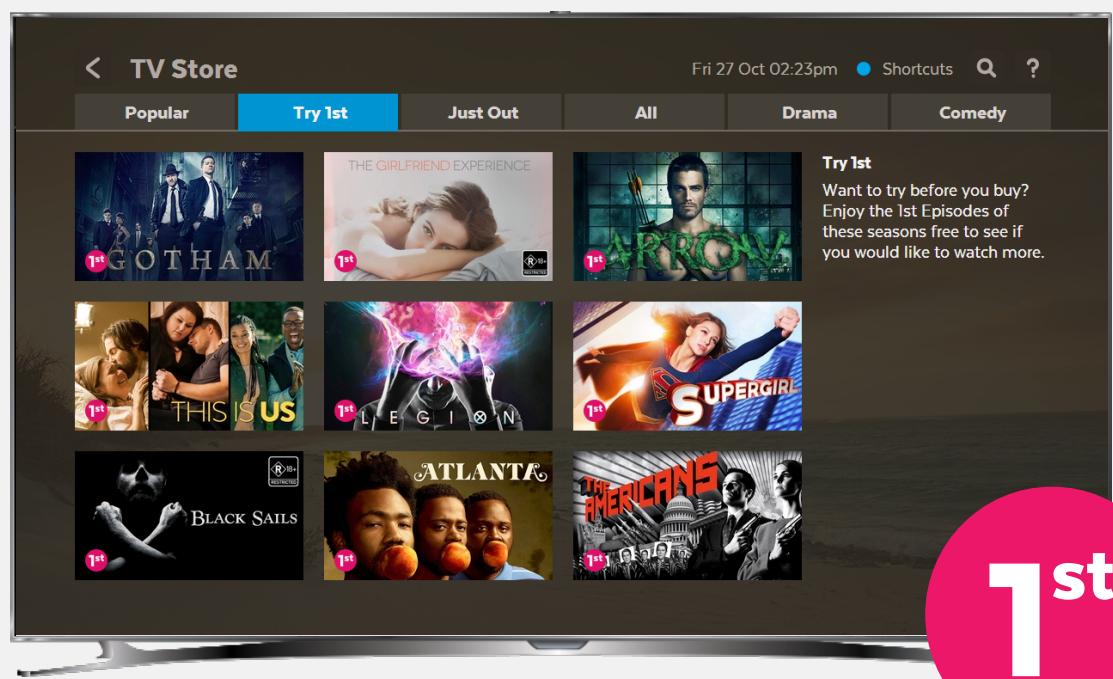

# TV Store Try 1st (First episode free)

You can now watch Season 1 Episode 1 of select TV Store titles for free. This means you can see if you like the show before you decide to buy more episodes, or the whole season.

## Things to know

- Only select titles in the TV Store will be available for Try First.
- There will be 18 Try 1st titles at launch, with more to come.
- Try 1st shows will appear in a dedicated tab in the TV Store.
- Available titles will change over time.
- The Try First shows will also have a pink “1st” icon on the tile art.
- Once selected the 1st free episode will also appear in your My Stuff section under TV Shows.
- Try 1st on a title can only be activated on the set top box, not via the app.
- Once a title has been downloaded via your box it will be available to play on your paired Fetch app

To check out Try 1st, go to **Menu > TV > TV Store > Try 1st** on your Fetch box.

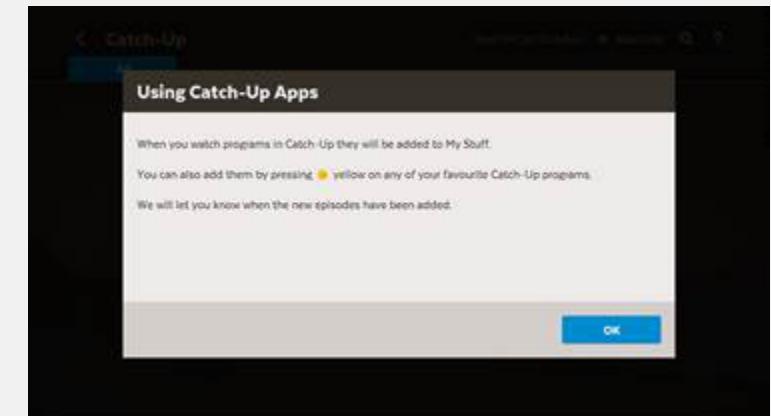

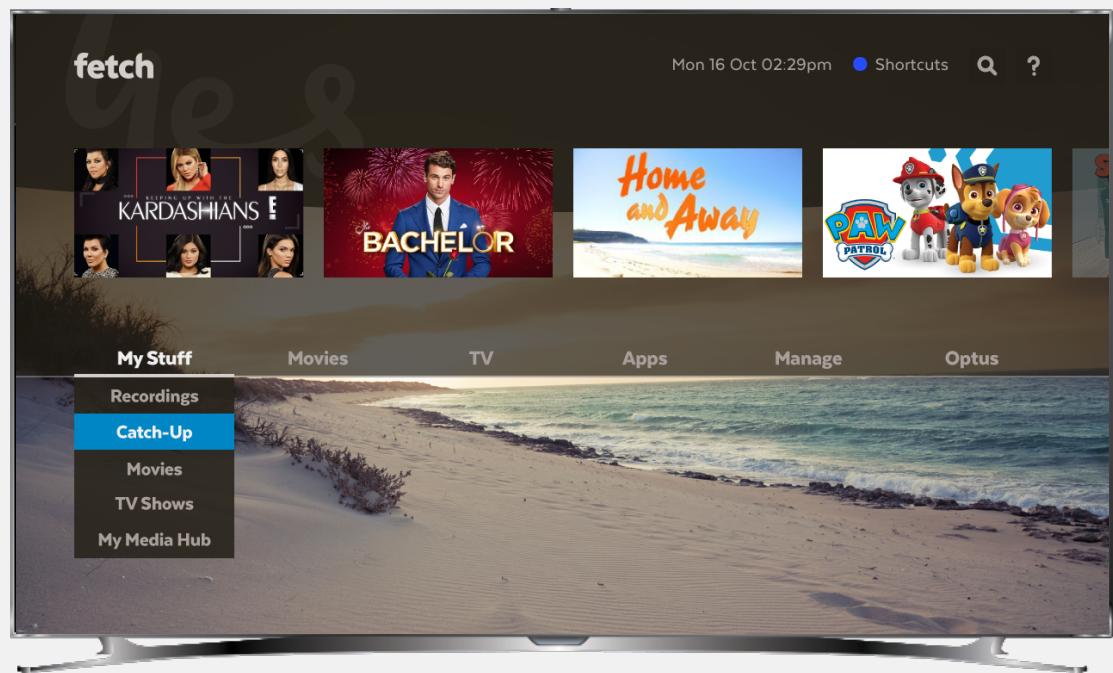

**fetch**

# My Stuff Catch-Up

My Stuff Catch-Up allows you to quickly find the next episodes of shows you have previously watched via a Free-to-Air or subscription channel Catch-Up service on Fetch.

- Any content that you view from the Free-to-Air and Subscription channel Catch-Up apps will be added to your My Stuff section.
- This means that you now have more options to watch the shows you love at a time that suits you.
- You will also be able to add content from the Catch-Up apps to your My Stuff section to watch later. To do this go to a Catch-Up app, select a show and then press the yellow button on your remote. You can then easily find the show anytime in My Stuff Catch-Up.

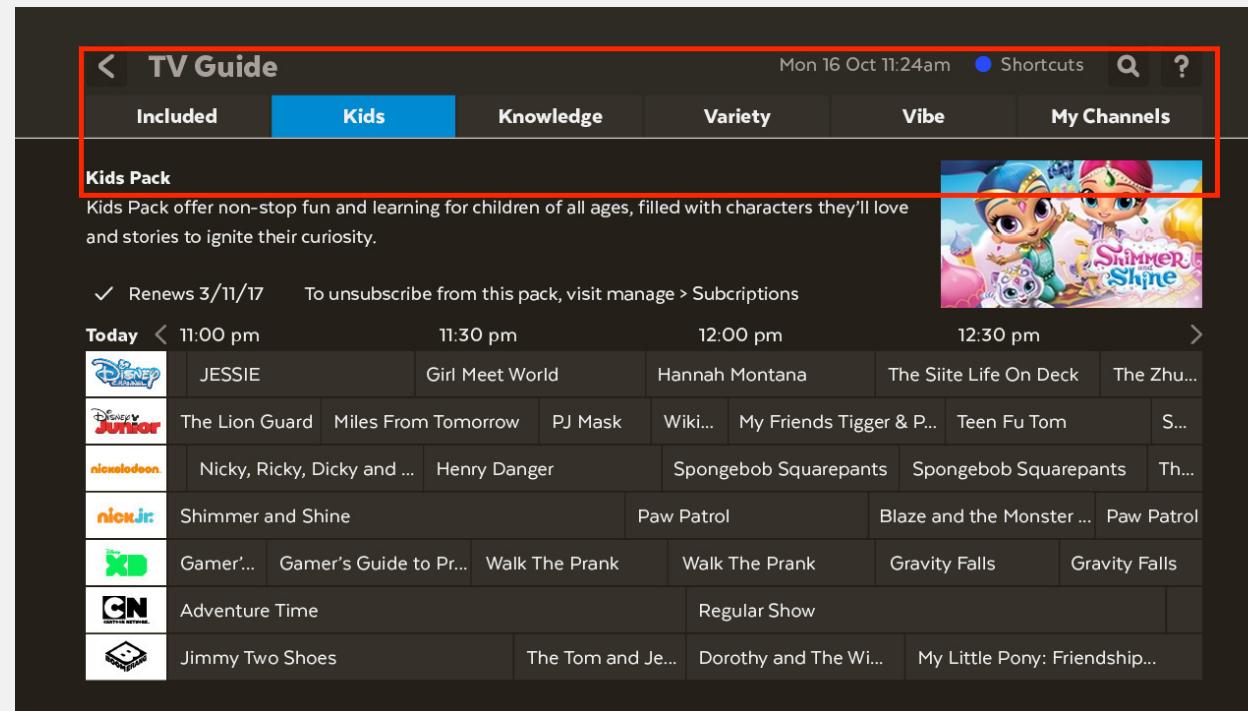

Go to **Menu > My Stuff > Catch-Up** on your Fetch box.

**fetch**

# New TV Guide Tabs

We have revamped our TV Guide to give you easy access to the channels you are subscribed to.

To access the TV Guide go to **Menu > TV > TV Guide**

## Things to know

The TV Guide will now have 6 tabs at the top:

- ✓ The first tab “Included” will show all the Free-to Air channels and any premium channel packs you are currently subscribed to
- ✓ The next four tabs will show each of the add-on premium channel packs, “Kids, Knowledge, Vibe and Variety”.
- ✓ The last tab, “My Channels” will remain the same, just to refresh your memory, My Channels allows you to create your own channel list.

**fetch**

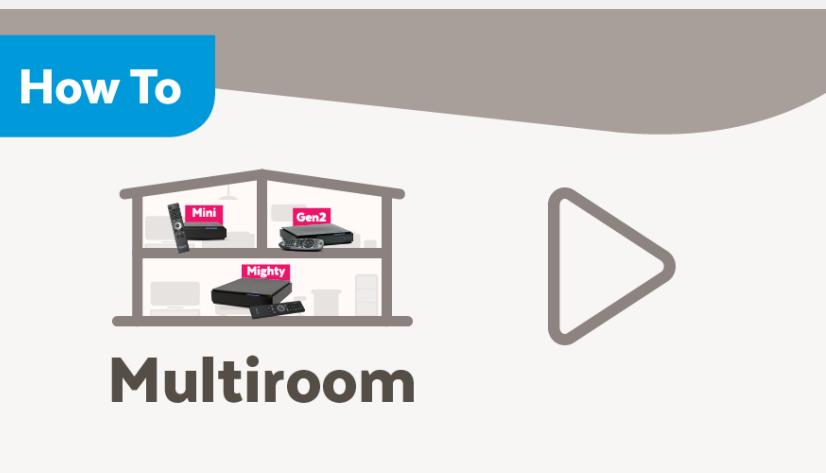

# New Multiroom features

If your Fetch service provider offers Multiroom & you have a Multiroom Mini connected to your Mighty or Gen 2, you will now be able to set recordings from your Mini, as well as watch them.

## Things to know

- ✓ You can now set and manage your Series Tags with your Mini
- ✓ Your recordings will occur on your Mighty/Gen2 and will appear in My Stuff recordings section on all connected STBS in the household.

Note: Recordings will only work if your Mighty/Gen2 has power and is connected to the same account and home network as your Mini.

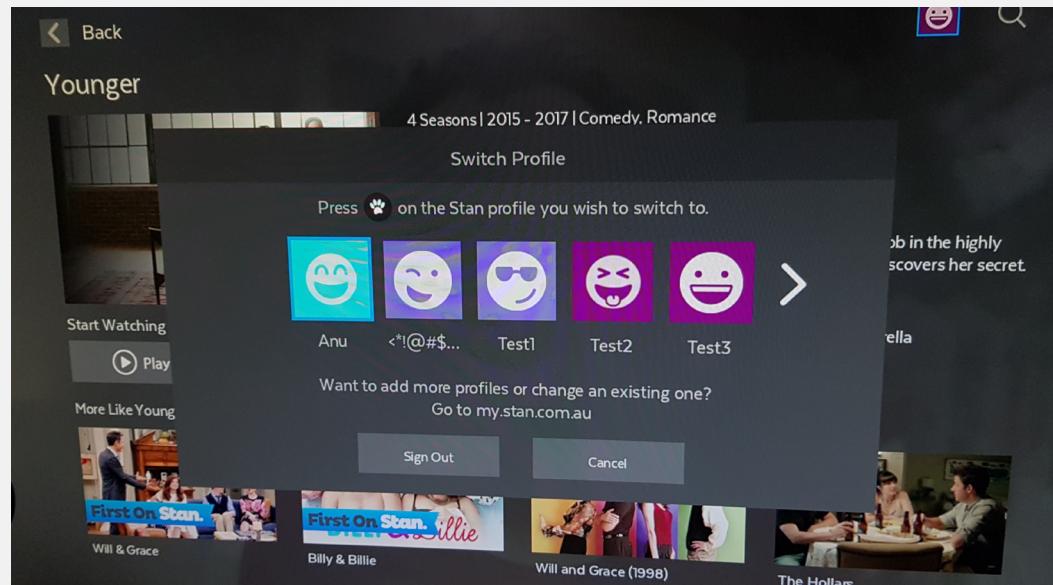

## Don't have Multiroom?

- ✓ Watch the video for details
- ✓ Contact your Fetch service provider for more info

**fetch**

# Stan app enhancements

We have made some changes to the Stan app on Fetch. You can now select different user profiles, plus we've added the ability to play back Stan content in 5:1 Surround Sound.

## Things to know

- ✓ To take advantage of this new feature, you will need to first set up new user profiles on the Stan website, unfortunately this is not available on the Fetch interface. Once done, you will be able to access your own personalised content lists in the Stan app on Fetch.
- ✓ You can also now restrict what your children can watch using Parental Levels
- ✓ If a profile selects a piece of Stan content that is set above their parental control on your Fetch box, you will need to enter your Fetch PIN to continue watching.

To access Stan go to **Menu > Apps > Stan**

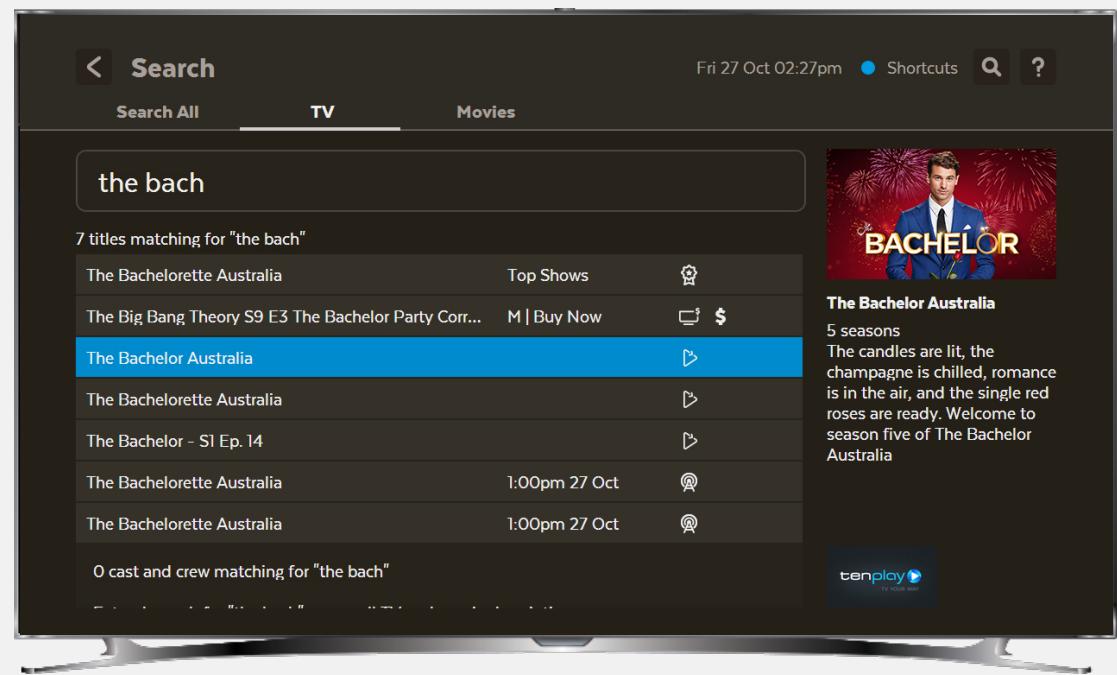

**fetch**

# Catch-Up added to Search

You will now see Catch-Up shows appear in your search results, making it easier for you to quickly find more content across Fetch.

## Things to know

- ✓ The search function on Fetch shows results from the channels, Movie Store, Movie Box & the TV Store.  
Now, you will also see results from the Catch-Up services appear in your search results.
- ✓ Content from Netflix, Stan, hayu, Optus Sport and YouTube are not included in Search.  
For now you still have to go directly into those apps to search content.
- ✓ To access search go to the  on the top right of any page
